- Exciting racing control with fire buttons for powerful lasers.
- Add-a-coin game continuation for extra earning power.
- Level select feature lets players choose their starting point.

Plenty of intense game play for today's players

ATARI GAMES

FEEL THE POWER...

S.T.U.N. RUNNER™ is a game of speed. The goal of the S.T.U.N. RUNNER is to travel as fast as possible and complete each race within the allotted time. Numerous enemies attempt to prevent the S.T.U.N. RUNNER from reaching the goal. Special "hot spots" give a sudden blinding boost of hyperspeed and generate a shield of invincibility.

In addition to the base weapon lasers, special "shockwaves" deliver the ultra-kill weapon, and destroy everything in its path.

Special Challenge Waves give players the opportunity to prove their game skills. A unique end-of-game "Ultimate Challenge" awaits those who demonstrate they are among the S.T.U.N. RUNNER elite!

Put on your racing gloves, take a seat, and hold on tight. Don't let this one get away!
